From the Pastor

We live in a unique time in history and the little book of Jude can help equip us for the untold challenges of living in the end times. Today's Christian must be

on guard for false doctrines which can so easily deceive us if we are not well versed in the Word. We need to know the Gospel—to protect and defend it—and accept the Lordship of Christ, which is evidenced by a life-change. Authentic faith always reflects Christ-like behavior. Our life in Christ should reflect our very own heart-knowledge that rests on the authority of the Almighty Creator and Father who puts faith into practice.

Dearly loved friends, I had been planning to write you some thoughts about the salvation God has given us, but now I find I must write of something else instead, urging you to stoutly

DEFEND THE TRUTH

that God gave once for all to his people to keep without change through the years.
